6 in 10

New members quit within three months.

63% of new members quit within three months, at one gym in Rio de Janeiro. Sperandei, Vieira and Reis, Journal of Science and Medicine in Sport, 2016.

They rarely quit on day one. They fade, one missed week at a time.

A member who slips

Regulars

Member retention for independent gyms

The plan we'd test: a free 90-day pilot, then $99 a month per gym.

Not on sale yet.

One flat price. Unlimited members.

Keep 2 members a month, and from the second month it pays for itself.

Most US members pay under $50 a month. Health & Fitness Association, 2024.

Regulars

Member retention for independent gyms

Turn new members into regulars.

02 — The line

Members who stay hit 3 visits a week.

- **On the line**
  3 or more visits last week
- **Below the line**
  1 or 2 visits last week
- **Slipping**
  Two weeks in a row under 2 visits

78%
renewed at 3+ visits a week

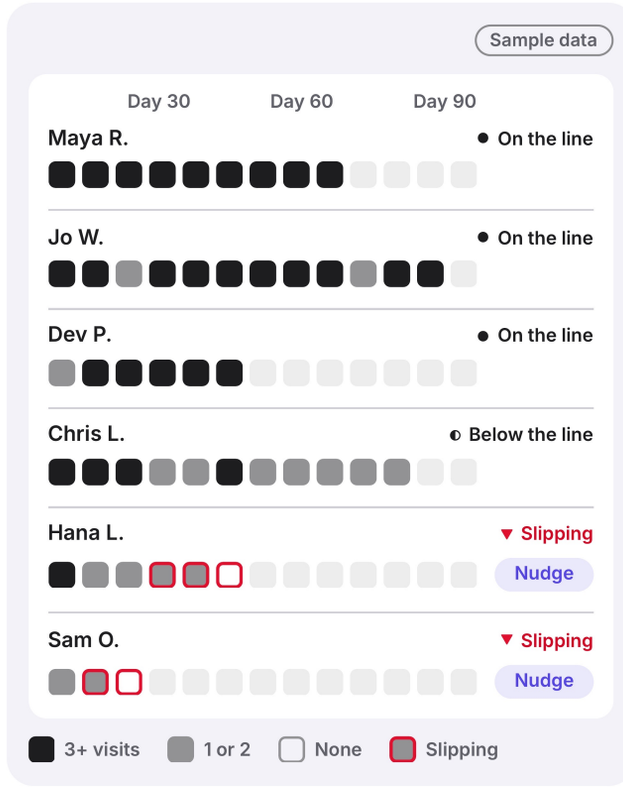

59%
under once a week

In a 2001 UK industry study, members who came 3 or more times a week in their first month renewed 78% of the time. Under once a week, it was 59%.

03 — Regulars

One board for every new member's first 90 days.

With Regulars, you see every new member's first 90 days, spot anyone who is slipping, and nudge them back with a personal text.

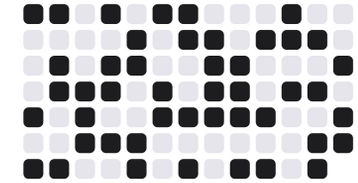

04 — How it works

01

Track

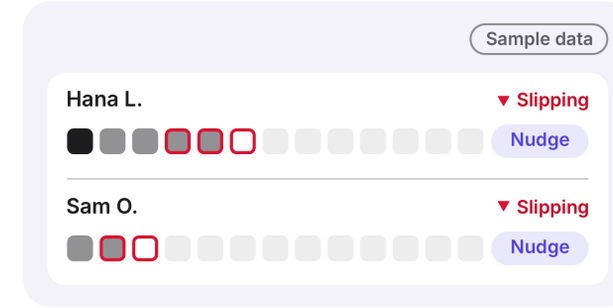

Every new member's check-ins, on one board, for 90 days.

02

Flag

Two weeks in a row under 2 visits and they're flagged as slipping, while there is still time.

03

Nudge

One tap opens a personal text from you or their coach, ready to send.
